

Instructions for Creating Parent's Portal Accounts for Enrolled Families:

We are excited to inform you that IABC is launching ParentsWeb Portal.

RenWeb School Management Software gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the Internet!

RenWeb's ParentsWeb is a private and secure parents' portal that will allow parents to view academic information specific to their children, while protecting their children's information from others. You may view your child's grades, attendance, homework and behavior related information as well as enter/update information such as your Volunteer Service Hours and your child's Community Service Hours for Merits, Family Demographic Info etc.

All you need is an Internet-capable computer.

Here's how to access our easy-to-use **RenWeb ParentsWeb**:
